MODERN HINGE DOOR SERIES 1270

Clean Lines. Open Views. Elevated Living.

Bring the outdoors closer with Window City's Series 1270 Modern Hinge Door. Slim aluminum profiles and expansive glass invite natural light and frame the view. Ideal for front entry, balconies, terraces, and patios, it offers in-swing or out-swing options, insulating glass, premium finishes and elegant European-style hardware for effortless indoor-outdoor living.

MODERN
HINGE DOOR

SLIM ALUMINUM PROFILES
Clean lines frame the view and complement modern architecture.

IN-SWING OR OUT-SWING
Choose in-swing to keep the balcony clear or out-swing to preserve interior floor space.

EUROPEAN-STYLE HARDWARE
Refined handles and smooth operation for everyday use.

MULTI-POINT LOCKING OPTION
Secures the door at multiple points along the frame for maximum security.

TEMPERED INSULATING GLASS
Choose a glazing package to suit the project's energy, safety and daylight goals.

FLEXIBLE DOOR CONFIGURATIONS
Specify a single door, a pair door, or a door paired with a sidelite and transom.

ARCHITECTURAL FINISHES
Choose matte black or a contemporary colour to coordinate with your exterior finishes.

DESIGNED FOR OUTDOOR LIVING
Create a welcoming passage to a balcony, terrace, patio or highlight your main entrance.

PERFORMANCE AT A GLANCE
OUR GLAZING IS ENGINEERED FOR THE CANADIAN CLIMATE

40 YEAR GLASS WARRANTY

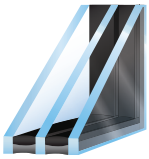

Our Hinge Door System is engineered to combine architectural design with thermal efficiency, weather resistance and structural performance.

Great Value & Economical

STANDARD
TEMPERED DOUBLE GLAZED

- 2 panes of tempered safety glass
- Good thermal insulation
- Good energy efficiency
- Good noise reduction
- Good condensation resistance

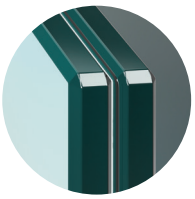

Best Performance & Premium Option

OPTIONAL
TEMPERED TRIPLE GLAZED

- 3 panes of tempered safety glass
- Better thermal insulation
- Higher energy efficiency
- Better noise reduction
- Better condensation resistance

TEMPERED / LAMINATED
ENHANCED PERFORMANCE AND SECURITY ALL-IN-ONE

Upgrade your standard double or triple pane to tempered/laminated for maximum safety, security, and better noise reduction.
