SERIES 1512

MODERN LIFT & SLIDE PATIO DOOR

ALUMINUM.WINDOWCITY.COM

MODERN **LIFT & SLIDE DOOR** SERIES 1512

Our Lift & Slide Door combines sleek European design, exceptional performance, and effortless operation to create stunning, expansive openings for contemporary residential and commercial spaces—ideal for new construction and renovations.

STRUCTURA MATTE BLACK
RAL 9005 (STANDARD FINISH)

SLEEK, MODERN DESIGN
Minimalist European styling for contemporary architecture.

MAXIMUM GLASS AREA
1" narrow interlock profile, allows larger glass panels for more natural light and expansive views.

EFFORTLESS OPERATION
Smooth lift & slide performance, even with oversized panels.

SUPERIOR ENERGY EFFICIENCY
High thermal insulation for year-round comfort.

EXCEPTIONAL WEATHER PERFORMANCE
Outstanding wind and water resistance.

ENHANCED SECURITY
Advanced multi-point locking system for added peace of mind.

FLEXIBLE CONFIGURATIONS
Wide variety of configurations with integrated insect screen options.

PREMIUM FINISH OPTIONS
Standard Finish: RAL 9005 Structura Matte Black.
Additional RAL Colour: Other RAL are available and may require extended lead times.

PERFORMANCE AT A GLANCE
OUR GLAZING IS ENGINEERED FOR THE CANADIAN CLIMATE

40 YEAR GLASS WARRANTY

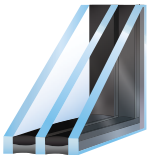

Our Lift and Slide Door System is engineered to combine architectural design with thermal efficiency, weather resistance and structural performance.

Great Value & Economical

STANDARD
TEMPERED DOUBLE GLAZED

- 2 panes of tempered safety glass
- Good thermal insulation
- Good energy efficiency
- Good noise reduction
- Good condensation resistance

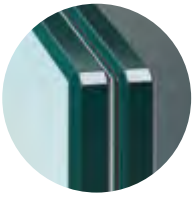

Best Performance & Premium Option

OPTIONAL
TEMPERED TRIPLE GLAZED

- 3 panes of tempered safety glass
- Better thermal insulation
- Higher energy efficiency
- Better noise reduction
- Better condensation resistance

TEMPERED / LAMINATED
ENHANCED PERFORMANCE AND SECURITY ALL-IN-ONE

Upgrade your standard double or triple pane to tempered/laminated for maximum safety, security, and better noise reduction.
